Murine Eye Salve in Asseptic Tubes, 50c and 60c. Write for Book of the Eye. Free. Murine Eye Remedy Company, Chicago, Ill.

TOM M'MANUS BRINGS HOME THE "BACON"

VETERAN PROSPECTOR ARRIVES FROM HIS TUNGSTEN DIGGINGS ON PARADISE MT.

Tom McManus, formerly secretary of the Western Federation of Miners, came in yesterday from his tungsten property on Paradise Mountain near Goldyke. He was accompanied by John Veemstra. Mr. McManus displayed his specimens last evening at the Miners' exchange to a number of interested people.

The ore is a huebnerite and runs about 4%, some samples carrying as high as 76 per cent in this precious metal. Before coming in to Tonopah, Mr. McManus bonded his St. Patrick group to Hon. T. J. Bell, receiving a substantial initial payment. He retains his original discovery group. This afternoon, after purchasing supplies, he returned to camp.

HUGE DEPOSIT OF CINNABAR TIED UP

CHARLES W. TAYLOR AND HARRY G. STIMLER BOND PROPERTY IN LANDER

With his baggage consisting principally of sample sacks of ore, Charles W. Taylor returned this morning from an extended trip to Lander county, where he and Harry Stimler tied up a big cinnabar property under bond and case. Mr. Stimler continued on to San Francisco to purchase a ten ton retort.

Mr. Taylor says that the property is situated eighteen miles from the Nevada Central railroad and about forty miles northwest of Austin. The ledge has been trenched on for a width of thirty feet and it appears to average five per cent, although some of the specimen rock will run well over fifty per cent. The gangue is a fine quartz and the quicksilver is shot through the rock. The length of the deposit is not yet known, but it has been exposed for several hundred feet. Five men are already at work developing the orebody. There is already about \$20,000 worth of ore on the dump.

THE WESTERN PACIFIC WILL ENTER RENO

Plans of the Hill interests to enter California and of the proposed entrance of the Western Pacific into Reno were recently disclosed when Judge J. Glynn of Reno appeared before the railroad commission to support the application of the Nevada, California & Oregon railroad for the right to issue \$519,000 of bonds. Judge Glynn's statements indicated that the Hill interests would enter the state at an early date.

FLOODS WASH OUT R. R. FROM CALIENTE

Pioche has been without train service this week, owing to serious washouts in Condor canyon above Bullionville last Sunday and Monday, due to heavy rains and augmented by the melting snow in the higher mountains. The regular train came through yesterday; but according to reliable information from the front, it will be many days before the track will be in good condition again.

The roadbed a short distance below Delme's ranch is all gone; but railroad officials have built a temporary track around the worst places.—Pioche Record.

BROKERAGE SERVICE BY 'PHONE

There are two 'phones in my office, for the convenience of patrons and all persons interested in stock quotations and the latest market news. My 'phone service is at your disposal, either for the purpose of giving you the latest information, or for executing your market orders. All orders by 'phone will receive prompt and confidential attention. Call either No. 1442 or 2072.

GOOD BETTING AT FISTIC CARNIVAL

EXCELLENT ENTERTAINMENT IS PROMISED AT GOLDFIELD THURSDAY EVENING

Word received from Goldfield states that Red Howard, who meets Bert Williams in one of the main events of Gus Rainier's boxing show Thursday evening, March 30, is a tough customer. Red shaped up like a champion at the last show, when he defeated his opponent in two rounds. There is said to be several hundred dollars of Howard's money in Goldfield and if Williams can deliver the goods, Tonopah fans, who will make the trip to see the show, can make a general clean-up.

Battling Livermore, who meets Freck Lydon in the other main event, is due here tomorrow from Reno. Livermore is a good two handed fighter and a hard nut to crack; and will undoubtedly make things interesting for our own Freck. Charlie Packey, who meets Frank Barney, has the earmarks of a champion and shows up like one in his daily workouts with Howard in Goldfield. Barney is a willing performer and their fight should be a very interesting one.

Back O'Brien meets Blackie Myers. The latter lost his last fight but made a good showing, regarding the fact that he was overweighed 15 pounds or more.

Chalky Miller, a little colored lad, who is not any bigger than a toothpick, but who battles like a real man, tackles Kid Nelson in the curtain raiser of a show which gives promise of being one of the best staged this season.

CHINESE PHEASANTS WILL BE DISTRIBUTED

LICENSES TO HUNT AND FISH HAVE BEEN RECEIVED BY THE COUNTY CLERK

County Clerk Robert G. Pohl has received a consignment of Chinese pheasants from Beaverton, Oregon. They are enjoying life in a cosy, pine embowered aviary near the court house, which they share with a covey of mountain quail from the Pahump region.

There are six cocks and fifteen hens in the pheasant colony and the birds get along very well with their companions from the south. The pheasants were purchased with money received from the sale of fishing and hunting licenses. As soon as they are acclimated they will be taken to various parts of the county and liberated.

Mr. Pohl received his 1916 licenses a few days ago and already a number have been disposed of. There were about 400 taken out last season.

JACK THOMPSON LOSES HIS LEG

GOLDFIELD ATTORNEY OPERATED ON AT RENO YESTERDAY; IS RECOVERING

A telegram was received on Tuesday by L. S. Thompson of the law firm of Thompson and Thompson, announcing the amputation of the leg of his brother, Jack Thompson, the well-known local attorney. The operation was performed by Dr. McKenzie of Reno and was successful. The doctors have been trying to save the leg for months and prospects for success were good until a few days ago, when it became necessary to operate. The doctors had decided that even if the leg could be saved, it would take a year to heal and would then be of little use. The patient was in favor of having the operation performed. Mr. Thompson's general health is good, and as the injured leg has been a constant drain upon his vitality, keeping him in a weakened condition, it is believed he will recover rapidly since this source of weakness is removed.—Tribune.

AN OVATION EVERYWHERE

William Epstein, who had charge of Nevada's silver service, traveling by special throughout the state, returned home this morning, having been informed by telegraph of the injuries received by Jess Sherman, the jeweler of his store, on Saturday last. Mr. Epstein says everywhere the silver service was exhibited it was visited by large crowds, and Nevadans, without exception, felt pretty proud over the present this state is making to the big battleship.—Appeal.

THOMAS McMANUS, accompanied by John Veemstra, returned to Goldyke by auto this afternoon.

CLAIMS ARE SOLD FOR A LARGE SUM

An important sale of mining property was closed on Wednesday night, when the Millie brothers and Jasper Fox sold a group of claims in the Minerva district to Salt Lake people, who are backed by Boston capital. The money consideration has not been made public, but it is known to run into six figures and a substantial cash payment was made, says the White Pine News.

Since the location of the property last fall the locators have developed what is said to be the greatest body of scheelite so far discovered in the county. There is said to be three distinct fissure veins in the group running up to 12 feet in width and which can be traced for nearly a mile in length. There has been considerable work done on the claims, but at the time this work was done it was with a view of taking out silver. At that time scheelite was by no means as attractive as it has recently become.

Work will be started at once on the property and plans have been drawn for a 20-ton mill which will soon be erected.

This property is located about 10 miles south of where the United States Tungsten corporation is now doing so much work and where a prosperous camp has been established. The ground is said to be well situated, with plenty of water and good roads leading to it.

There now seems to be but little doubt that the Snake range will be the scene of great mining activity during the coming summer.

MORE CAPITAL FOR SPEARHEAD COMPANY

EXTRA SHARES WILL BE SOLD IN ORDER TO DEVELOP THE PROPERTY

George A. Kernick, who is heavily interested in the Spearhead Mining company of Goldfield, is at the Mizpah upon his return from the gold camp where he attended a meeting that voted to increase the capitalization of the company from 1,000,000 to 1,500,000 shares. The additional issue will be placed in the treasury and used to continue operations. Development work will be carried forward to great depth.

The stock will hereafter be assessable, although, with the new issue, it is not expected that there will be any necessity to levy an assessment for a long time. At the meeting the former officers were re-elected.

NON-SUIT MOTION DENIED

Counsel in the case of Love vs. Mt. Oddie United Mines company, which has been intermittently on trial in the fifth judicial district court for some time, consumed the greater part of this morning in arguing a motion for a non-suit. The motion was refused by Judge Averill and this afternoon the defense began the introduction of testimony.

VISITORS FROM GOLDFIELD

The following were among those who autoed over from Goldfield last evening to attend the lecture by Peter W. Collins in the Airdome: Rev. Father Dermody, Pat Dermody, John R. Daley, Peter J. Somers, Jr., Thos. F. Dunn, E. C. Walsh, M. H. Lynch, Will Cahalan, Frank Farrell, P. J. Reilly and Arthur Dolan.

WILL INVESTIGATE WRECK

By Associated Press. WASHINGTON, Mar. 29. — W. H. Belnap, chief of the division of safety of the interstate commerce committee will leave to investigate the Lake Shore wreck, near Cleveland, Chicago and Pittsburg safety representatives are already en route.

GRAND OPENING DANCE

The new maple floor, the largest in the state, will be dedicated Saturday evening in the Airdome. Everybody invited, no admission charged, dances a double jitney. Goldsmith's professional orchestra. Adv. M294f

MUNRO S. BROWN was over from Goldfield last evening.

MAY BUILD STEEL BRIDGE AT CURRANT

MIDLAND ROUTE IS NOW OPEN DESPITE DAMAGE DONE BY RECENT STORM

It is planned to replace the wooden bridge across Currant creek, which was washed out last week with a steel structure. A number of officials visited the scene Sunday and today an expert went out to compute the cost of a steel bridge and draw plans for the same.

The bridge in on the Midland route and already there are a few tourist parties coming this way. They will not be halted there while the bridge is out, as a temporary road has been laid out to a point where there is an easy ford. The reason for putting in a steel bridge is the cost of upkeep of the old bridge.

PERSONAL

F. G. PRESSELL is here from Reno on a business errand.

RUDOLPH R. PRUEFERT of Manhattan is a guest at the Mizpah.

E. SULLIVAN and wife are here from Manhattan.

IRA WAGNER was a passenger for Sodaville this morning.

MRS. W. J. ROBERTS of Las Vegas is the guest of Mr. and Mrs. Frank J. Cavanaugh.

ROBERT STEWART returned yesterday to Sodaville after visiting old friends in this city.

CHRIS PLAMENAZ was taken ill this afternoon and was removed to the hospital.

S. JOHNS, better known as Silver Bow Bill, accompanied by E. Johnson, arrived this morning from Silver Bow, where they had been mining during the past winter.

WM. HOSTETTER, a pioneer of southern Nevada, but now a resident of Los Angeles, is here with Fred Mitchell for the purpose of starting development on a group of claims in the Twin River district.

FACING CAR SHORTAGE

The shippers of Nevada and California are facing a serious car shortage, according to Sparks railroad officials. They estimate that 250 cars are needed to supply the demand in this state alone and say that the Pacific coast is requiring more cars than ever before in the history of western shipping. The interstate commerce commission is attempting to relieve conditions by ordering the release of all cars under load.

PRINCE CON. OUTPUT 450 TONS PER DAY

The Prince Con. company is keeping up its output of 450 tons per day.

However, this week's tonnage will be light as no shipments were made Tuesday, Wednesday and Thursday on account of the washout.—Pioche Record.

TO RAISE OLIVES IN YERINGTON

A rancher of Yerington will try an agricultural experiment by introducing Chemley olives in the ranching district of that place. The species is a desert brand, originating in South Africa, and should be well adapted to the soil in the Yerington valley district. Practically all the olive trees in the state are several in the Pahump valley, that bear fine crops every year.

Subscribe for the Bonanza.

AMUSEMENTS

BUTLER THEATER

The offering tonight at the Butler will be the celebrated star, Viola Dana, in a five-reel Kluge-Edison feature, "The Innocence of Ruth," a drama of pathos and passion. Jimmy Carter, a young millionaire, gets a message from his friend, Travers, who is dying, and leaves his daughter in the care of Carter. Ruth, by her winsomeness and innocence, gradually changes Carter's sympathy for her to love. At this time Mortimer Reynolds, who ruined Ruth's father before his death, is endeavoring to add Ruth to his list of unfortunates, and instructs his mistress, Edna Morris, to gain her confidence. When this is done Edna persuades Ruth to come to her apartments where Reynolds is awaiting her.

The scenes shift rapidly from here on, presenting stirring and exciting climaxes which is sure to hold the audience up to the very end of the picture. Viola Dana is a great screen favorite and the theater goes are sure of a great treat any time she appears on the screen. She has only been seen upon the screen in Tonopah on one or two other occasions. The preliminary reel will be a Pathe comedy.

Tomorrow, Mille Diane and Chas. Trowbridge in "The Siren's Song," a picture filled with thrills and excitement, and Pathe Weekly.

WILL SHIP BODY

The remains of Dan Field, the Indian who died at the county hospital, will be shipped tomorrow morning to Death Valley Junction, where it will be received by his tribesmen and given a burial with fitting ceremonies. Field was a captain of the Indians there and they raised the money to pay for taking the body back.
